(पुरस्कार की प्रभावी तिथि : 11 अप्रैल 1965)

11 अप्रैल, 1965 को हिन्दी ट्रेनिंग कालेज, त्रिवेन्द्रम की छात्राओं का एक दल कोंबलम के समुद्र तट पर सैर के लिए गया। उनमें से पांच गुलकम्परा थे समीप एक चट्टान पर चढ़ गईं। जब वे चट्टान पर खड़ी थी, एक बड़ी लहर उनमें टकराई और पांचों को समुद्र में बहा कर ले गई। अन्य छात्राओं ने, जो निःसहाय रूप से देखती रह गईं, खतरे का शोर मचाया, जिसे सुनकर श्री जी० कृष्णन निर्जी सुरक्षा की विलकुल परवाह किए बिना समुद्र में कूद गए और चार छात्राओं को बचाने में सफल हो गए। हर सम्भव कोशिश करने पर भी वह पाँचवी छात्रा को नहीं बचा सके, जो दुर्भाग्यवश डूब गई। उन्होंने बचाई गई छात्राओं की प्राथमिक चिकित्सा की, तथा चिकित्सा के लिए अस्पताल ले जान में उनकी सहायता की।

श्री जी० कृष्णन ने भारी निर्जी खतरे में यह वीरतापूर्ण कार्य करके महाम साहस का परिचय दिया और चार युवा जीवन बचा लिए।

कुमारी फेलिमिता सोरेन्ग ने लगभग 25 गज की दूरी पर एक युवक को कठिनाई में देखा। वह तुरन्त ही उसे बचाने के लिए गई और उस वृक्ष के तने तक उस गयी लाई। कुछ समय बाद उसने एक 16 वर्षीय लड़के को सुरक्षा के लिए तैरने का प्रयत्न करने हुए देखा। वह उसकी ओर तैर कर गई और अपनी साड़ी उसकी ओर फेंकी तथा उसे वृक्ष के तने की ओर खींच लाई। वृक्ष के तने पर इतनी तीनों व्यक्तियों के लिए काफी स्थान नहीं था। उन दो लड़कों के लिए स्थान बनाने हेतु वह किनारे की ओर तैर गई तथा कड़ी मर्दी में वहाँ पर सुरक्षा नाव पहुँचने की प्रतीक्षा करने लगी।

दुर्दम्य परिस्थितियों में कुमारी फेलिमिता सोरेन्ग ने उदाहरणीय बहादुरी का परिचय दिया और भीषण दुर्घटना में पीड़ित साथियों की सहायता करने में अधिक खतरा लेने में भी नहीं झिझकी।

श्री राजगोपालन पर विष का प्रभाव हुआ और उपचार के बाद वह स्वस्थ हो गए।

श्री के० राजगोपालन ने एक जीवन बचाने के लिए अपने प्राणों को खतरे में डाला और प्रत्युपपन्नमति का परिचय दिया।

किन्तु अफसस रहे क्योंकि उनका यान बह कर बांध तट पर वापस आ गया। किन्तु उन्होंने दोबारा प्रयत्न किया और भारी बाढ़ के बावजूद अपने यान को बांध तट पर ले जाने तथा वहाँ फंसे हुए अधिकारियों एवं कर्मचारियों को लाने में कामयाब हो गए। इसके बाद उस यान के और भी चक्कर लगे और दोनों तटों के बीच संचार व्यवस्था कायम हो गई। श्री कृष्णन ने अपना व्यक्तिगत सुरक्षा की पूर्ण अवहेलना करते हुए प्रशंसनीय साहस तथा उच्चकोटि की कर्तव्य परायणता का परिचय दिया।

(Effective date of award—11th April, 1965)

On the 11th April 1965, a party of lady students of the Hindi Training College, Trivandrum, went on an excursion to

the sea-side resort at Koyalam. Five of them climbed a rock near Elankampara. While they were standing on the rock, a huge wave struck them and all five were washed into the sea. On hearing the alarm raised by the other students who were looking on helplessly, Shri G. Krishnan jumped into the sea in utter disregard of his own safety and succeeded in saving four of the girls. In spite of his best efforts, he could not save the fifth girl who was unfortunately drowned. He gave the rescued girls first aid and helped in taking them to hospital for treatment.

By this heroic act, which was performed at great personal risk, Shri G. Krishnan showed a great courage and saved four young lives.

- 2 KUMARI FELISITA SORENG,
Village Kansbhai, P.O. Jhumimur,
Sundargarh District, Orissa.

(Effective date of award—22nd February, 1965)

On the 22nd February 1965, a boat carrying about ninety-four persons capsized in the Mandira Dam Reservoir and forty four people were drowned. Kumari Felisita Soreng, a sixteen year old, Adivasi girl of Sundargarh District, was one of the passengers. She swam to a tree-trunk projecting out of the bed of the river at a distance of about 60 to 70 yards. Not finding sufficient room to hold on, she swam another 50 to 60 yards before catching hold of another tree-trunk and stayed there. The depth of the water there was about 30 feet.

Kumari Felisita Soreng saw a young man in difficulties about 25 yards from her, she immediately went to his rescue and pulled him up to the tree-trunk. After a while, she saw a boy of 16 trying to swim to safety. She swam towards him and threw her sari to him and then dragged him to the tree-trunk. There was now not sufficient space on the tree-trunk for all the three survivors. To make room for the two boys, Kumari Felisita Soreng swam ashore and waited there in bitter cold for the rescue boat to arrive.

In overwhelming circumstances Kumari Felisita Soreng behaved with exemplary bravery and did not hesitate to take further risks in order to help fellow sufferers in the disaster.

He too did not come out nor did he give any response to the workers outside. Then the third man Shri Ram Chand went down but came out after going half the way and rushed to the nearby Enquiry Office for help. By this time Shri Likhan reached the place and he immediately entered the manhole but he started feeling giddy and called to be pulled out. In the meantime Shri Shiv Kumar who was not concerned with the cleaning of the sewer came thereon hearing of the accident. He wrapped a wet cloth over his face and entered the manhole and pulled out Shri Likhan who was unconscious. C. V. NAGENDRA, Dy. Secy.

New Delhi, the 26th July 1966

No. F.1(8)-L.II(B)/66(I).—Whereas representations have received on behalf of the employees of the Central Government that the revised rates of dearness allowance granted from 1-12-1965 on the 12-monthly average of the All India Working Class Consumer Price Index having reached 165 are inadequate in respect of employees drawing pay below Rs. 400 per month;

And whereas the Government had announced its intention that if the employees are dissatisfied with the extent of neutralisation of the rise in the price index effected by the grant of dearness allowance, the Government would refer the matter for impartial settlement;

Now, therefore, the Government of India have decided to set up a Commission (consisting of Shri P. B. Gajendragadkar as Chairman and Shri M. V. Rangachari and B. N. Ganguli as Members) to examine whether the rates of dearness allowance now admissible to Central Government employees drawing pay below Rs. 400 per month are adequate keeping in view the broad principles formulated by the Second Pay Commission in Chapter IX of their Report and if they are not adequate in its opinion, to recommend at what rates and from what date revised dearness allowance should be granted to the said employees.

The Commission will devise its own procedure. It may call for such information and take such evidence as it may consider necessary. The Ministries and Departments of the Government of India will furnish such information and documents as may be required by the Commission. The Government of India trust that the Staff Associations and others concerned will also extend to the Commission their fullest co-operation and assistance.

(1) To examine the principles which should govern the grant of dearness allowance to Central Government employees in future, having regard among other relevant factors to the repercussions on the finances of State Governments, public sector undertakings, local bodies etc.

(2) To consider and recommend alternative forms of assistance which might be given to ensure real benefit to Government employees without necessarily increasing inflationary pressures on the economy.

(3) To review the existing formula for the grant of dearness allowance as recommended by the Second Pay Commission, and to recommend what changes, if any, in this formula are desirable and feasible.

(4) Specifically, to report on the following issues:—

(a) Considering that the non-Plan Revenue expenditure of State Governments get reflected in the financial assistance given by the Centre on the recommendations of the Finance Commissions and in the annual plan allocations, and having regard to the existing disparities between the pay scales of Central and State employees, is it justifiable to follow a different policy at the Centre from the States and to treat the employees of the former more liberally in the matter of dearness allowance?

(b) Any relief which the Central Government gives to its employees entails a burden on the rest of the community, particularly other vulnerable sections with fixed incomes. To what extent should Government give preferential treatment to that section of the community which is directly under its employ?

(c) Is it justifiable to compensate Government employees for rise in prices due to taxation and other policy-induced causes, or to occasions such as a severe crop failure or a threat to national security necessitating higher levels of expenditure?

(d) Should the capacity of Government, and therefore of the community, to pay be the determining factor for granting relief to Government employees? To what extent can this be reconciled with the concept of dearness allowance as a device to protect, to a varying degree, the real income of salaried employees from the effects of rise in prices?

(5) To examine and report on such further questions as may be referred by Government.

3. In making its recommendations, the Commission will take into account the historical background, the various causes of the rise in prices, the impact of increased emoluments on prices, the state of the economy with particular regard to the requirements of developmental planning and national security, and other relevant circumstances such as the benefits admissible in addition to dearness allowance and the capacity of the low-paid employees to bear price rise burdens.

4. The Commission will make its recommendations as soon as practicable. It will devise its own procedure and may appoint such advisers as it may choose for any particular purpose. It may call for such information and take such evidence as it may consider necessary. Ministries/Departments of the Government of India will furnish such information and documents and render such assistance as may be required by the Commission. The Government of India trust that the State Governments, Public Sector Undertakings, Staff Associations and others will extend to the Commission their fullest cooperation and assistance.

MINISTRY OF MINES AND METALS**RESOLUTION***New Delhi, the 27th July 1966*

No. 1 73/66-MI.—The Geological Survey of India has a vitally important role to play in the development of the mineral resources of the country. To meet the rapidly increasing demands in respect of minerals, the Geological Survey of India has to intensify its activity and increase its resources of technical manpower and equipment. At the same time, it has become apparent that this national organisation would have to share its responsibility in regard to the work of prospecting, exploration and exploitation of minerals with other agencies such as the Geological Departments of the State Governments and the Government undertakings engaged in mineral development. The Conference of State Secretaries and Directors of Mining and Geology convened by the Minister of Mines and Metals in March 1966, recognised the need for setting up of a central agency which would coordinate the work at the national level of all the different agencies and draw up plans for concerted and unified action aiming at acceleration of prospecting and exploration of minerals.

2. The establishment of this central coordinating agency was envisaged primarily with reference to the implementation of mineral investigation programmes and to determine their respective priorities. This question has been further considered and the Ministry of Mines and Metals has now decided to constitute a Geological Programming Board which will ensure that the efforts in the field of geology proceed in a coordinated way to realise well defined national objectives. Besides drawing up of priorities *inter se* among various schemes of investigations of mineral deposits in different parts of the country, the Board will also pay attention to such matters as training of personnel.
